

HELIX® 3071

HexArmor®

Innovation intertwined with safety. That's the DNA of the Helix® Series. The Helix® 3071 features a 13-gauge HPPE/steel blend shell that gives wearers 360° level F cut resistance and Contact Heat level 1.

The wrinkle rubber palm coating on the palm provides superior grip and tactility while the fully coated natural foam latex offers 360° fluid resistance that extends to the knit wrist to keep out fluids and dirt.
