

400R6E

The Hercules® 400R6E doesn't back down from vicious cut or puncture hazards. These gloves are no stranger to dangerous applications such as handling razorwire. Performance is taken to a new level by combining innovative industrial puncture protection combined and industry leading cut-resistance.

HexArmor® heavy duty gloves are built from the inside out, with technologies that provide industry-leading cut and industrial puncture resistance. We put everything we have into building our heavy-duty line of safety gloves, and the result is purpose-built PPE you can trust.
